

CURRICULUM VITAE

PERSONAL

My name is Krisztian Hadi and I'm a freelance designer based in Budapest, Hungary.

I made my first public website in 2001. In the last seven years I've learned a lot of programming languages and art techniques. My goal is to pass into an art college in the following years, upgrade my knowledge and graduate as a graphic designer.

I really like working with professionals, in a good team, because I think this can be the best way to collect more experiences. I'm a great team player, I learn like a rocket, and I'm always looking for good challenges.
